

# HEART FOR HAWKINS

**Masin Hawkins is a 15 year old Post Falls resident. He developed a virus in his heart last year and has just recently been told he needs a heart transplant. Masin has been in ICU @ Sacred Heart for the past few weeks on a pump that is allowing his heart to keep functioning. He will not be able to come home until he gets his new heart.**

**Please donate to help the family offset Masin's medical expenses.**
